

INTERNATIONAL PATIENT PROGRAM

Fact Sheet

If you live outside the United States, our International Patient Program is your link to world-renowned fertility care.

For over two decades we have assisted individuals and couple from around the world achieve their dream of building a family — and remain dedicated to providing future parents with the highest quality of care available today.

Experience Matters

- Boston IVF Affiliated
- Access to Boston IVF's world-renowned laboratory and scientists
- Numerous options for choosing a reputable agency
- Success rates approaching 95% for certain patient populations
- A history of "firsts" – including the first donor egg pregnancy in New England
- Over 20 years of experience in treating the LGBTQ communities
