Infertility Support Group

Cardone Reproductive Medicine is offering our patients the opportunity to meet informally in an infertility support group. Support groups can be a great way to talk to fellow patients about the common emotional issues you face, learn from each other about how to better cope with the challenges of infertility and find comfort in meeting people who are walking in your shoes.

We will meet here in our Stoneham office on **Tuesday, January 31 at 6:30 PM.**

Please see Gail Hendrickson, Practice Administrator, if you are interested in learning more about the group or email her at gailh@cardonerepromed.com. Thanks.
